

VALUATION

Moving People Forward.

1) Released value protection

The most economical protection available is released value, since it is offered at no additional charge. However, the protection is minimal. Under this option, the mover assumes liability for no more than 30 cents per pound per article in the state of Nebraska and 60 cents per pound per article for all interstate moves. For example, if your mover lost or damaged a 10-pound stereo component valued at \$1,000, you would only receive \$3 in compensation (30 cents \times 10 pounds) or \$6 in compensation during an interstate move (60 cents \times 10 pounds).

2) Full value protection

Under full value protection, your mover is liable for the replacement value of lost or damaged goods in your entire shipment. This is the more comprehensive plan available for the protection of your belongings. Unless you select the alternative level of liability described above, released value, your mover will transport your shipment under the full value protection level of liability. If any article is lost, destroyed, or damaged while in your mover's custody, **TWO MEN AND A TRUCK**® will, at its discretion, offer to do one (1) of the following for each item:

- Repair the item
- Replace the item
- Make a cash settlement for the cost of the repair or the current market replacement value

Under this option, movers are permitted to limit their liability for loss or damage to articles of extraordinary value, unless you specifically list these articles on the shipping documents. An article of extraordinary value is any item whose value exceeds \$100 per pound.
